

Gearing Up For Gardening With **Garden Gro**

Hand Tools

Hand Fork
(GC-5085S)

The strong stainless steel forged tines slice through and loosen even the most compact soil.

Hand Lever Weeder
(GC-2418S)

Make the time consuming chore of weeding quick and easy with this ergonomically designed weeding tool.

**Garden Trowel
Stainless Steel**
(GC-101S)

Every gardener's best friend. Used for digging, planting, transplanting and weeding, our handtrowel has a comfortable grip with a sturdy stainless steel blade that cuts through the soil easily.

Garden Trowel
(GC-1511C)

A more affordable hand trowel option that doesn't compromise on quality.

Garden Scoop
(GC-5091S)

Suited not only to gardening, but also for animal feed purposes.

Bypass Pruners

Bypass Pruning Shears

200mm (GC-739C) & 215mm (GC-739D)

Bypass Pruning Shear

215mm (GC-3136)

With its soft ergonomic grip and 20mm cutting capacity, this shear makes for easy and comfortable pruning.

Sharp, strong, high carbon steel blades result in a swift tear-free cut so that plants can heal quickly.

Aluminum Forged Bypass Pruner

215mm (GC-3103A-1)

A superior secateur with durable aluminum forged handles and 20mm cutting capacity.

Bypass Pruner with Adjustable Handle

200mm (GC-3168B)

The adjustable handle ensures an easy fit in the palm of your hand.

Shears & Loppers

Compound Lopper

700 mm (GC-1113QY)

The lightweight, long aluminium handles provide the leverage it takes to cut through high branches and those up to an inch or more in diameter.

Swivel Grass Shears

340 mm (GC-3118)

A class above your average grass shear, these shears are perfectly designed to shape and tidy grass horizontally or vertically along all edges including steps, stones and paving.

Straight Blade Shears

520mm (GC-2127RS)

Very competitively priced while still offering superior functionality and non-slip grip.

Straight Blade Shears with Adjustable Handle

(GC-21221QH)

Adjustable handles make life easier when length is needed for cutting higher and wider hedges.

Pruning Saw with Sheath.

250mm (GC-8099-2511)

This carbon steel razor tooth blade slices easily through thick woody stems and allows for cutting in tight spaces.

Watering

8 Pattern Sprinkler 3/4"

(GC-36516)

This unbelievable sprinkler, made from hard and durable plastic, has no less than 8 different patterns to choose from. You will never need another sprinkler system after this.

15 Hole Oscillating Sprinkler

(GC-POS500)

The multi-position, flip-action dial on the sprinkler allows for a variety of watering patterns.

Water Wand

71 cm, 6 Pattern (GC-73316)

Our water wand makes it easy to reach the base of plants as well as containers and hanging baskets, delivering a soft soaking shower. The adjustable head allows for greater flexibility in targeting hard to get to plants.

8 Pattern Plastic Nozzle

(GC-R758P)

This 8 pattern adjustable head sprinkler meets all watering needs from every angle.

Metal Impulse Sprinkler 3/4"

(GC-32225)

Heavy duty sprinkler, manufactured from zinc metal with a brass head for extra durability. A more affordable plastic option is also available (GC-32201)
